BLOOD AND THE BOMB.

Conflict Between Chicago Officers and Socialists Armed with Pistols and Bombs.

Fifty Socialists and Over Half as Many Policemen Wounded—A Dozen People Killed.

The Corbin Investigating Committee to Sit at Denison to-day—A Letter from Hoxie.

BULLETIN. CHICAGO, ILL., May 4, 7 p. m.—Report has just been received that six policemen have been killed in the hay-market, where the anarchists are holding a meeting.

AMERICAN KILLING. CHICAGO, ILL., May 4.—Great were the expectations of the socialist leaders of running the meeting they had called for to-night. As early as 7:30 o'clock had been mentioned for the speaking, when the excitement would begin. The place chosen was the old hay market on Randolph street, capable of holding from 15,000 to 20,000 men. Touching the square at one corner is Halstead street, at the other corners are the lumber-yards, packing-houses and factories, such as McCormick's. In close proximity to the opposite side of the hay-market is Milwaukee avenue leading through a wide spreading district densely populated with Germans and Poles. Surrounding the square on every hand are 10-cent lodging-houses, cheap saloons and many of the lowest dives in the city. The scene round the market about 8 p. m. showed that the scattered groups of men loitering in the vicinity would make a crowd numbering not to exceed 1500.

A man who was standing in the crowd received a pistol ball in his thigh and has just been brought to the Central police station. He says that during the progress of the socialist meeting a squad of officers marched by close to the speakers' stand. Some one shouted, "kill the d—d s." Almost as soon as the words had been uttered three bombs were thrown from near the stand into the midst of the squad of officers. They exploded instantly and five policemen fell.

Others were wounded, and several of the socialists did not escape. An officer who has just arrived from the scene says there is hardly any doubt that at least five officers were killed. Persons living on the West side many squares from the scene of the disturbance report that the explosion of the bombs was instantly followed by a fusillade of revolver shots.

LESS THAN A THOUSAND. The utterances of the speakers were still of a most inflammatory character, and the crowd who were still present, grew riotous in demeanor. The police concluded to put an end to the disturbance, and advancing, ordered the crowd to disperse. At first the socialists fell back slowly, one of the speakers still urging them to stand firm. Suddenly the bombs were thrown. The police retired instantly with a volley from their revolvers. The rioters answered with theirs, which shots showed they were provided with pistols. The mob appeared crazed with a frantic desire for blood, and holding its ground, poured volley after volley into the midst of the officers. The latter fought gallantly and at last dispersed the mob and cleared the market place. They are now guarding every approach to the place, and no one is allowed in there. Immediately after the first explosion the officers who were left standing drew their revolvers and fired round after round into the mob. Large numbers of these fell, and as they dropped were immediately carried to the many dark alleys by their friends. No estimate of the casualties can be given, but the police at the Desplantes station state that fully fifty of them were wounded. All the drug stores are crowded with people who were hurt and doctors have been telephoned to in all directions. Before the firing had ceased the neighboring police stations were turned into temporary hospitals. At 11 o'clock twenty policemen lay on the floor of the Desplantes station all disabled and probably half that number seriously. Others were reported to be still lying in the open square either dead or badly wounded. A telephone message from one of the hospitals says that the wounded officer brought there has since died.

MAKE IT SOLID. The Democrats Will Fight Valiantly for the Lost Seat.

NEW ORLEANS, LA., May 4.—The Republicans of the Second congressional district have split and placed in nomination two candidates for congress, to succeed ex-Gov. Hahn. One convention yesterday nominated Capt. H. N. Martin of New Orleans, who joined the Republican party in 1864 on the question of protection. Another of to-day nominated Judge C. F. Legg, an old and stalwart Republican.

The Democrats nominate on the 6th, and the election is held on the 20th. It is thought that the Democrats will recover this district, which they lost in 1864, and send a solid Democratic delegation from this state.

STAGE ROBBERY. Wells, Fargo & Co.'s Strong Box Tapped and a Driver Killed.

EL PASO, TEX., May 4.—News was received by an agent of Wells, Fargo & Co. of a stage robbery and the shooting of the driver of the stage between Georgetown and Silver City, which occurred a day or two since. The robbers were evidently Americans, and were mounted on fine horses. Four shots were fired at the driver, and \$1000 taken from Wells, Fargo & Co.'s strong box. There were five passengers aboard. The wounded driver was alive at last accounts.

Telegraphic Brevities. J. B. Weaver of Iowa was awarded his seat in congress yesterday against Campbell.

Capt. Lebori met the Apaches near Nogales, A. T., yesterday. Three Indians and one soldier killed. Four companies of Wisconsin militia restored order in Milwaukee yesterday.

P. SULLIVAN, CHARLES WHITNEY, THOMAS REIDIN, GEORGE MILLER, H. KRUGER, J. H. WILSON, J. NORMAN, H. HALLVERSEN, F. HALIDA, ED. BARNETT, J. HENSON, J. MCNEILL, A. FLAVIN, C. FINK, J. N. HANNON.

CHICAGO, ILL., May 3, 12:15 A. M.—Inspector Boufield has just been at the Desplantes Street station, and says, concerning to-night's trouble, after Parsons had concluded his speech Sam Fielding, another notorious socialist, mounted the wagon and began to address the crowd. His address was of the most inflammatory description. He called on the men to arm themselves and to assert their rights. He finally became so violent that word was sent to the station only a block distant and Inspector Boufield at the head of 125 men marched to the place where the meeting was in progress. The crowd called upon the crowd to disperse, and Fielding shouted out to them from the wagon "to arms, to arms!" The officer once more called on them to disperse, when suddenly from behind the wagon, which was not fifteen feet from the front rank of the police, two bombs were thrown in between the second and third ranks of the men, with the effect already stated.

The second firing, which was heard about an hour ago, proved to be nothing of consequence. No one was hurt. On a table in the station-house, where the wounded policemen are, one poor fellow lies stretched with terrible bullet wounds in his breast. A few feet distant a man with tattered clothes and a mortal wound on his side is lying insensible on a cot. Around the room in chairs, with their legs bandaged up and resting on supports of different kinds, are some fifteen or twenty officers who were wounded by the bombs. Not a groan or complaint is heard from any of them. Another officer who was found lying in a doorway, where he had been carried or where he had dragged himself, has just been brought in faintly wounded. There are some twenty socialists in the cells in the basement, nearly all wounded, and one of them, a young fellow about twenty years of age, is dead.

The following named socialists, all of whom are wounded, have been placed under arrest: J. KUCHEK, EMIL LOBE, J. ULLUND, PETER LAY, J. FRANK, A. IAKA, J. TACHMANN, R. SHULTZ, F. WOEHL, B. LEPAL and C. M. BLOCK.

When the news of the killing of the policemen had reached the first regiment army Anson Lebach, a member of Company C, was disguised and sent to the scene of the conflict to take observations. He was arrested charged with being a socialist.

AT DENISON. DENISON, TEX., May 3.—The Corbin Investigating committee arrived in Denison at 3 p. m. yesterday and were met by a committee of sixteen from Palestine. They will take testimony to-day at the Odd Fellows' hall. The citizens of Denison tendered them a drive over the city, which was a highly pleasant affair. The members of the committee are well pleased with the hospitality of the Gate city.

A LETTER FROM HOXIE. ST. LOUIS, MO., May 4.—Wm. Kerrigan, Esq., General Superintendent, DEAR SIR.—The morning papers of to-day contain an order from the general executive board of Knights of Labor unconditionally terminating the strike, which has existed on the part of certain of our former employees since March 6 last, to take effect this date. In engaging the men we need in the service of the company, you will be governed by the following conditions contained in our labor troubles of March, 1885, have heretofore been made and repeated from time to time in the following form of advertisement of March 10, 1886:

"Good and competent men will be employed without reference to their past or present relations to the company or their connection with any society or organization, secret, secular or otherwise. Such as are accepted will be paid the rate of wages recommended by the governors and other state officials of Missouri and Kansas when the labor troubles of March, 1885, were adjusted, the same as have been paid by the company since that date."

Also the following contained in the letter to the governors of Missouri and Kansas in reply to their communication of March 20, in which the above advertisement was repeated with the following additions:

"This company is further willing to pay its employees a rate of wages equal to that now being paid by other railroad companies in the same section of country." The men who have been engaged under the advertisement of March 10, 1886, will be continued in our employ. We cannot re-engage or continue in our employ any persons who have actually engaged in the destruction or injury of the company's property, or who have advised such destruction or injury. In the interview with Messrs. Turner and Bailey on April 1, 1886, I stated that this company desired to re-engage in its service such of its late employees as it thought might apply individually for employment and were not objectionable to the management by reason of their acts during the late strike. While this offer was not accepted, but on the contrary an order for the further continuance of the strike was afterward issued, the position of the company in this matter remains unchanged, although its requirements for additional men have since been greatly diminished. I learn from your reports that about 500 of the employees who struck on March 6 have resumed their places since the first order to resume work was issued by the general master workman of the Knights

of Labor on March 28, 1886, and that many new men have been employed under the advertisement for help above referred to, so that the present force is nearly adequate for the needs of the company, sufficient for its present requirement in the shops at Atchison, Kansas City, Parsons, Sedalia and Palestine. I also note your recommendation that the De Soto shops remain closed for the present. In complying with the above instructions you will see that the applications for re-employment of those of our former employees who have families and own homes upon the line of the road are first considered. Yours truly, H. M. HOXIE, Vice-Pres't.

NO VACANCIES. Special to the Gazette.

BIO SPRINGS, TEX., May 4.—The secretary of the Knights of Labor assembly here received a notice last night from John W. Hayes of the general board, stating that the strike had been declared off, and ordering all men to apply for work. As yet, none have applied, however, as the railroad officials say all positions are filled.

THE END NOT YET. ST. LOUIS, MO., May 4.—It was thought that the eight-hour agitation in this city had expended itself during the first three days of the month, but developments today show that it is not yet on the wane. Thirty employees of the Ramsey Shoe company struck this morning for ten hours pay for eight hours work.

About 200 men and boys in the employ of the St. Louis Cooperative company demanded eight hours work and no reduction in pay. Being refused they walked out.

One hundred men working for the Southern White-head works demanded a reduction of hours and a continuation of the old rate of wages. This being refused the men struck.

Sixty coal heavers in the employ of the St. Louis Gas-Light company struck, being refused ten hours pay for eight hours work.

It is estimated that there are about 3000 idle men in the city, their demands upon their employers for the eight hour system having been refused.

THE FIRE RECORD. Fires at Texarkana.

TEXARKANA, ARK., May 4.—This afternoon at 2:30 fire broke out in the kitchen of Dr. Hannon, caused from a defective flue. The flames spread rapidly until the whole block except one house was on fire. The losses are:

Mrs. E. Marx, dwelling and contents; loss, \$15,000; insured in Northern, \$5000, Sun Fire, \$5000.

Mrs. C. M. Block, two dwellings occupied by tenants; loss, \$3000; insurance, \$2500.

Dr. V. T. Hannon, dwelling and contents; loss, \$6000; insurance, Sun Fire, \$500, Imperial, \$1000.

C. T. Motte, dwelling and contents; loss, \$2000; insurance, Sun Fire, \$1250.

D. E. Conner, dwelling and contents; loss, \$3000; insurance, \$1400; in the Southern and Sun Fire.

Ed Jones, damage on dwelling, \$100; covered by insurance.

Compensations Burned. Special to the Gazette.

NEW ORLEANS, LA., May 4.—A fire broke out in the Cooper press on the city front, about 1:30 this afternoon, and notwithstanding the presence of nearly the entire fire department, destroyed the greater portion of the cotton contained therein. Commencing in the upper portion of the press it spread to the compress and shipping room, where a Morse press and other valuable machinery were destroyed. The loss is \$20,000 of cotton, valued at \$25,000; fully insured in home and foreign companies; \$30,000 on the machinery and building, insured for \$20,000 in the Sun company of New Orleans.

CLERKURE. Feb Picture of Robert Toombs—Wellborn to be opposed by a Greenbacker.

CHICKEN, TEX., May 4.—Mrs. F. M. Kendrick, an old lady living in the western part of the city, had the misfortune to break her leg to-day. In attempting to climb over a fence she fell with the above result.

The County Medical convention was in session to-day and transacted some important business.

Mr. John Gray is to be united in marriage to Miss Maudie Chambers at the Baptist church to-night.

Col. J. E. Vincent of Glen Rose is in the city in the interest of his book entitled, "A Pen Picture of Gen. Robt. Toombs." The book is pronounced quite interesting by those who have examined it. It contains short sketches of Somervell, Hood, Johnson and Bosque counties.

Mr. and Mrs. J. J. Atteridge have taken possession of and are now living in their comfortable and neat cottage residence, which has just been completed.

Sheriff Boyd left the city this morning for Lampasas on official business.

Mr. Thomas Dee, engineer on the Gulf, Colorado & Santa Fe railroad, will be married to Miss Angie Butler of this city to-morrow night.

In his address to the Greenback meeting here yesterday, Dr. Young stated there would be a candidate against Wellborn for congress.

IN A WHIRL. Caught in an Eddy a Ship Drove Great Damage.

NEW ORLEANS, LA., May 4.—The English steamship John Morrison, loaded with grain in bulk, left here about noon to-day. When opposite the Morgan warehouse the Morrison got into the eddy and became unmanageable. She was carried against the steamships of the Southern Pacific Railway company, Clinton and St. Mary, and badly damaged the former, cutting through her side. She then swung around, struck and crossed a large and the ferryboat Endeavor and destroyed a portion of the wharf. All the boats were carried away and drifted down stream, but were recovered. The Morrison had to go back to her landing to be repaired and unloaded. The total loss is \$20,000.
